

Session 2001-02

Activity- 1

FIELD SURVEY ON GAUHATI STOCK EXCHANGE

“A Report on the functioning of Gauhati Stock Exchange”

(Field survey conducted by the department of Management, K.C.Das Commerce College)

INTRODUCTION:

As a part of the TDC (Major) Course, a field survey was conducted by the department of Management of K.C. Das Commerce College with 20 nos of students of TDC 2nd year having major in Management subject, at the Gauhati Stock Exchange, on 13th October, 2001. Gauhati Stock Exchange was established in the year..... The prime intention of the survey was to give a practical idea to the students about the functioning of Stock exchange, which is an important chapter in their course syllabus. Besides that, the other objectives of the survey are:-

OBJECTIVES:

- ✓ To have a fair knowledge about the organizational set up, functional procedures, and the other relevant activities of the Stock exchanges along with the Gauhati Stock Exchange.
- ✓ To make the Major subject more lively and interesting to student, so that they pay more concentration in the subject.
- ✓ To assess the interest, competence and perception of individual student towards the subject which is not always possible from classroom teaching.
- ✓ To make teacher-student relationship more cordial.

METHODOLOGY:

Both primary and secondary data are used in compiling the survey Report.

The Methodology applied in the survey was to put direct questions to the officials of the exchange by the students in the following aspects:-

- 1) Organizational setup
- 2) Functional area of Gauhati stock exchange
- 3) Procedures regarding listing of securities
- 4) Transaction procedure
- 5) Essential requirements to become a broker of the exchange.
- 6) Other related information.

Findings of the Survey:

From the Survey we got the complete information in our different stipulated aspects. The students were asking the questions quite freely and the officials of the exchange also answer the questions without any hesitation. They were also shown the different rooms and places where transactions of the exchange took place. The students obtained practical knowledge from the Survey particularly regarding the functioning of stock-exchange.

The Gauhati Stock-Exchange is controlled and governed by Board of Directors consisting nominees from government, public and local authority. And the transaction time of the G SE is in the afternoon from 2pm. The networking between different computers and their respective functions were demonstrated by the officials of the Exchange.
